STEP 2 Receive Confirmation from International SOS Philippines

You may expect feedback and/or confirmation within **24-72 business hours** upon receipt of the accomplished email details.

If your preferred clinic branch is not available on your requested schedule, we will direct you to a clinic most equipped to accommodate all tests in your APE package.

STEP 3 Attend to your Annual Physical Exam

In the event of typhoons or other extreme natural conditions, affected clinics may advise temporary suspension of operations on short notice. We encourage you to call International SOS first to verify or to check the provider's website or FB page for updates or announcements, before going to the clinic.

1. Please come prepared and be on time. Upon your arrival, inform the reception that you are referred by International SOS Philippines for your annual health check-up.

2. Kindly bring the following with you:
   - Valid Government and HMO Card (if applicable)

3. After your APE, obtain the instructions on how you can get a copy of your results from the clinic staff.

Please e-mail International SOS to update if you've completed the whole APE package already or if you need to return to finish pending tests or if you were not able to attend, for rescheduling assistance and reporting purposes.

BE ON TIME

Clinics accommodate on a first come, first served basis so it is best to come at the recommended time or at the start of clinic hours in the morning to avoid the crowd and to give you ample time to complete the tests.

All clinics have limited slots for Physical Examination and mostly available before 12:00nn only.

We recommend that you prioritize seeing a doctor for physical exam upon your arrival at the clinic.

CANCELLING YOUR APPOINTMENT

Should you wish to **cancel or reschedule,** please inform International SOS **3 business days before your appointment**.

Depending on the provider, financial penalty charges will apply should you fail to notify non-attendance for tests accommodated on strictly appointment basis.

You are encouraged to stick with your registered schedule as clinics have limited capacity (during pandemic). Other employees are also registered in advance. **Rescheduling isn't guaranteed as it will be accommodated depending on provider availability and on a first come first serve basis.**

Please wear comfortable clothing and closed shoes.

APE PREPARATION

INTERNATIONAL SOS

REMINDERS

You play a vital role in determining the accuracy and reliability of your medical examination.

Please ensure to provide complete and accurate information to the clinic staff and adhere to the required test preparations.

Completing all your tests in 1 day is HIGHLY ENCOURAGED.

- In case you will not be able to do so due to an emergency, provider-related advice or sudden operational issues, please secure a confirmation of return slip from the provider which you need to present on your next visit.
- **Completion of pending medical tests are only accepted within 10 business days from the initial date of visit** to the medical provider otherwise, the initial results will be released already.
- **Contact International SOS** if you have any concerns or if you need assistance in scheduling for a test that requires appointment.

Ladies, if you are menstruating on the day of your visit, some tests may be rescheduled. These can be done at least 7 days from the last day of your menstrual period.

FREQUENTLY ASKED QUESTIONS (FAQs)

JPMorganChase

INTERNATIONAL SOS

1. Who are required to take the Annual Physical Examination (APE)?

- For 2026, APE is offered to 400 - 601 Manila-based employees on voluntary basis within the anniversary of hire month only.

2. How do I book and when should I schedule my APE?

- You can reach out to International SOS as early as 1 month before to schedule your APE on the anniversary of hire month.

- Please reply to jpmc_manila@internationalsos.com email reminder of your personal details indicated in the announcement. Provide 3 dates most convenient for you to set a health check-up appointment. The earliest date should be at least 7 business days from the time of contact with International SOS

  If you have a restricted corporate email, we encourage that you use your personal email address to avoid delays. International SOS will update you within 24-72 business hours on your confirmed APE schedule.

3. What if my preferred clinic branch is not available or fully-booked on my preferred schedule?

- International SOS will recommend nearby partner clinic/s most equipped to accommodate all tests in your APE package on your requested date. If you're amenable, we can also secure the earliest available slot in your preferred clinic branch.

4. If I was advised for a repeat urinalysis, can I collect the sample at home or in the office?

- To ensure accuracy of result, urine sample must be collected in the clinic.

5. What should I do if I was advised to repeat some tests or undergo additional tests?

- Any test recommended on top of APE package can be personally arranged and done in the clinic or in your chosen provider, on self-payment basis or through your HMO. Check first the scope/limitations of coverage from your HMO provider, how and where you can secure an LOA or the process of reimbursement should you decide to personally pay. If any additional test results in a significant finding, kindly secure a fit-to-work clearance from your chosen provider.

- *Currently, MyHealth do not accept Intellicare for medical expenses beyond the health check package of JPMC.*

6. If I have my menstruation, can I still have my annual medical check-up?

- Yes, you can still undergo medical check-up. However, urinalysis and pap's smear will have to be rescheduled to at least 7 days from the last day of your menstrual period.

7. What is CBC?

- Complete Blood Count (CBC) gives a general view of how your blood picture looks like. It may show normal or abnormal condition of the blood at the time it was taken.

8. Do I need to fast for Complete Blood Count (CBC)?

- Fasting is not required for CBC. Some blood tests that require no food and water intake for 10-12 hours preparation prior are Fasting Blood Sugar, Lipid Profile and Cholesterol Tests.

9. Will blood extraction cause bruising?

- Blood extraction does not generally cause bruising, but some individuals may have 'sensitive' blood vessels which easily ruptures upon insertion of needle or may have certain medical conditions that will cause bruising. To help prevent bruising: wear loose fitting sleeves, apply firm pressure to the site until bleeding has stopped, avoid lifting heavy objects after blood extraction. If bruising develops, you can apply ice or cold pack to the area to help ease pain or discomfort.

10. What is chest X-ray?

- A chest x-ray is a diagnostic imaging procedure that uses minimal dose of radiation to evaluate the general condition of your heart, lungs and chest walls.

11. Is it safe to get an x-ray if my monthly period is delayed or if I'm irregular?

- Yes, unless you're pregnant. Radiation exposure is not safe especially during first 3 months of pregnancy as it may cause health concerns or birth defects to the baby.

- If you are sexually active, it is advisable to consult with a doctor or to do a pregnancy test first if your monthly menstrual period is delayed or irregular.

12. Is it safe to get another X-ray if I had one three months ago?

- Yes, due to low dose of radiation, it is safe to have another X-Ray after 3 months.

13. For APE completion, can completion of pending tests be done in another clinic?

- You can visit other clinic branches to complete the medical check-up but should be under the same provider only. You will be given a confirmation of return slip which you will need to present to the other branch of choice. Kindly coordinate with International SOS Philippines on this.

14. When should I complete my pending tests?

- Completion of pending medical tests are accepted within 10 business days from the initial date of visit to the medical provider.

15. What happens if I'm unable to complete my pending tests within the allowed period?

- The provider will issue a medical report based only on completed tests during the compliance period. Pending tests availed after the allowed compliance period will be paid at own expense already. Furthermore, a corresponding fee must be personally paid for request to re-classify / re-evaluate/ update the medical report.

16. What if I want to undergo my APE but I'm on maternity leave or prolonged leave during my hire-anniversary month, can I still have it when I get back from leave?

- You need to raise an HR Request within 30 days of return to office.

17. Can my dependents avail the APE?

- APE for dependents is not covered in this process. However, you may coordinate coverage through your HMO provider by contacting jpaccountofficer@intellicare.ph .

18. How can I request for another APE schedule?

- Please inform International SOS 3 business days before your appointment.

- Depending on the provider, penalty charges will apply should you fail to cancel prior for tests accommodated on strictly appointment basis.

19. I am an expat on a Cigna package, do I have to go through the same process?

- Expats on Cigna package may coordinate their physical exam directly to their Cigna Coordinator.

20. I am an expat not on a Cigna package, do I have to go through the same process?

- Expats not on Cigna package should follow the APE process as stated in this document.

21. What should I do if I want to add tests on my APE package?

- You may inform International SOS of the specific tests upon scheduling so we can endorse these to the provider. Note that all additional tests will be paid at own expense. Best to inquire the preparation requirements as well so you can maximize your visit.

- If you're unsure which tests to add for a specific health concern, we advise that you consult with a clinic physician for proper evaluation and appropriate recommendation.

22. What should I do if I missed attending to all my preferred APE schedules?

- Email or call International SOS to inform that you weren't able to go to the clinic in all your preferred dates due to a certain reason. Advise your next preferred schedule which must be within your anniversary month. Note that your coverage is valid during your hire – anniversary month only.

23. What should I do if there's a typhoon (or other extreme natural conditions) on the day my APE is scheduled?

- Your safety is our utmost priority. Please abide by the local government's advisories regarding this.

- Affected clinics may advise temporary suspension of their operations on short notice. Kindly contact International SOS first to verify if the clinic is open or check the provider's website and FB page for updates/announcements, before going to the clinic.

- If you or your area is affected and you need to cancel your APE schedule due to this, please inform International SOS as soon as possible and request to reschedule.
