PRE-EMPLOYMENT MEDICAL EXAMINATION GUIDELINES 2026

REGISTRATION

JPMorganChase

INTERNATIONAL SOS

STEP 1

Notification from Onboarding team regarding your Pre-Employment Medical Exam (PEME) schedule arrangement through International SOS Philippines

Onboarding team will inform you that your PEME schedule will be arranged by International SOS. You will be contacted by International SOS via phone call or email to verify and secure the following information:

- Full Name
- Date of Birth
- Contact Number
- E-mail Address
- Verbal consent

If you have any queries or concerns, **contact +632 8540 2730 or JPMC_PEME@internationalsos.com.**

International SOS Philippines Operating Hours:
Monday to Saturday | 7:00AM – 5:00PM
(Excluding Philippine Holidays)

STEP 2

Confirmation from International SOS Philippines

You may expect feedback regarding your schedule in 1-2 business days, upon receipt of the endorsement from Onboarding team and upon positive contact of International SOS with you. A confirmation will be e-mailed to you prior to your schedule so please regularly check your personal e-mail's inbox and spam folder.

Note that if your preferred clinic branch is not available on the date your PEME is scheduled, we will direct you to a nearby clinic most equipped to accommodate all tests in your PEME package.

Your PEME will be scheduled for 3 consecutive days but we highly encourage you to come and complete all tests on the first day.

REGISTRATION

JPMorganChase

INTERNATIONAL SOS

STEP 3 Attendance and Completion of the whole Pre-Employment Medical Exam (PEME) package on your initial visit in the clinic.

In the event of typhoons or other extreme natural conditions, affected clinics may advise temporary suspension of operations on short notice. We encourage you to call International SOS first to verify or to check the provider's website or FB page for updates or announcements, before going to the clinic.

1. Please come prepared and be on time. Upon your arrival, inform the clinic reception that you are referred by International SOS Philippines for your Pre-Employment Medical Exam (PEME).

2. Kindly bring the following with you:
   - Valid Government ID, Health Declaration Form, HMO Card (if applicable), Quarantine Pass (if applicable, COVID Vaccination Record

3. Wear DOH-approved mask and clear face shield.

4. Complete all tests required during your initial visit. The basis if you are fit to work or not will be specified in the final medical report, upon completion of all recommended tests only.

COMPLIANCE PERIOD:

Standard PEME Package: 1 day (Initial Visit)

Repeat Tests:	**3 business days upon notification**
Additional Tests and Clearance:	**5 business days upon notification**

Standard PEME tests completed beyond allowed compliance period, repeat/additional tests and clearances will be paid at own expense.

5. After your PEME, obtain the instructions on how you can get a copy of your results from the clinic staff.

Please e-mail International SOS to update as soon as you've completed the whole PEME package or if you need to return to finish pending tests or the progress of your clearance compliance or if you are unable to attend, for rescheduling assistance and reporting purposes.

PRE-EMPLOYMENT MEDICAL EXAMINATION (PEME) PACKAGE

JPMorganChase INTERNATIONAL SOS

- ○ COMPLETE PHYSICAL EXAM
- ○ COMPLETE BLOODCOUNT (CBC)
- ○ URINALYSIS
- ○ CHEST X-RAY
- ○ RANDOM DRUG TEST

PEME PREPARATION

1. **Fasting is NOT required** for the blood test. **It is advisable to avoid the following** (unless directed by your personal doctor):

A day prior:
- Oral contraceptives
- Thiazide diuretics
- Salicylates
- Insulin
- Oral anti-diabetic drugs

3 days prior:
- High-fat food, Red meat
- Vitamin C
- Ferrous Sulfate

2. **Avoid alcoholic drinks at least 24 hours prior.**

3. **Collect urine sample mid-stream**. Fill the specimen cup up to quarter level. Write complete name and date of birth legibly on the container.

4. **For women:**

- Inform the clinic staff or doctor if you are or suspected to be pregnant. Depending on doctor's advice, Chest X-Ray may be deferred to prevent risk of exposure.

- Inform clinic staff if you have menstruation. Urinalysis and Random Drug Test may be rescheduled to 3 days after the last day of your period.

PREPARE & BRING:

JPMorganChase INTERNATIONAL SOS

1. VALID GOVERNMENT-ISSUED ID
(with Complete Name, Date of Birth, Photo)

OR

VALID GOVERNMENT-ISSUED DOCUMENT
(e.g. Birth Certificate, NBI clearance, etc.)

2.HMO CARD (if applicable) in case the Clinic Physician recommends additional tests. Kindly verify beforehand with your HMO if your chosen clinic is accredited, the scope/limitations of your coverage, how you can secure your LOA and/or reimburse should you decide to personally pay.

INTERNATIONAL SOS

REMINDERS

BE ON TIME

Your PEME is scheduled for the day, and not for a specific timeslot**. However, it is best to come at the recommended time or at the start of clinic hours in the morning,** to avoid the crowd and to give you ample time to complete the tests.

Due to the pandemic, clinics are regulating the number of people they accommodate at a given time. Depending on the volume of patients during your visit, queuing and waiting may be expected as **clinics accommodate on a first come, first served basis.**

Some clinic branches also have limited slots for Physical Examination and may be available before 12:00 NN only so please prioritize this.

CANCELLING YOUR APPOINTMENT

Should you wish to **cancel or reschedule,** please inform International SOS **3 business days before your appointment**.

Depending on the provider, penalty charges will apply should you fail to cancel prior for tests accommodated on strictly appointment basis.

If for any reason you're unable to proceed with your PEME, please inform International SOS via call or email for rescheduling assistance and reporting purposes.

Please wear comfortable clothing and closed shoes.

PEME PREPARATION

JPMorganChase

INTERNATIONAL SOS

REMINDERS

You play a vital role in determining the accuracy and reliability of your medical examination.

Please ensure to provide complete and accurate information to the clinic staff and adhere to the required test preparations.

Completing all your tests in 1 day is HIGHLY ENCOURAGED.

- In case you will not be able to do so due to an emergency, provider-related advice or sudden operational issues, please secure a confirmation of return slip from the provider which you need to present on your next visit.

- **Completion of pending medical tests that are part of the standard PEME package are accepted within 3 business days from the initial date of visit at the clinic. However, all repeat tests must be completed in 3 business days upon receipt of advice. Whereas additional tests and clearances recommended by the clinic Physician must be completed in 5 business days upon receipt of advice from International SOS.**

- **Contact International SOS** if you have any concerns or if you need assistance in scheduling for a test that requires appointment.

Ladies, if you are menstruating on the day of your visit, some tests may be rescheduled. These can be done 3 business days from the last day of your menstrual period.

HOW TO GET YOUR RESULTS

JPMorganChase INTERNATIONAL SOS

- **After your PEME, obtain the Instructions on how you can get a copy of your results from the clinic staff.**
- **Complete results will be released in 3-5 days upon completion of the whole PEME package.**

➢ Hi-Precision Diagnostics *(Online Access)*

1. After your PEME, secure the **Order Form** from the clinic reception. This includes the PID which will serve as your username in the online access.
2. Log on to www.hi-precision.com.ph or open your HPD App.
3. Click "Online Results"
4. Select "Patients click here to log-in".
5. Log-in by providing the necessary information:

   Log-in ID – the PID found your Order Form under "Patient Details".

   Password – your Last Name (in CAPITAL letters) Example: DELACRUZ

   If you have name suffixes like JR, II and III, include them at the end without any space. Example: DELACRUZJR

   Branch – the branch where you had your tests taken.
6. Click on the PDF icon below "Download Results".
7. Save the file.

For log-in issues, you may contact support@healthonlineasia.com

FREQUENTLY ASKED QUESTIONS (FAQs)

JPMorganChase

INTERNATIONAL SOS

1. How do I schedule for a PEME?

- Onboarding team will advise you that you will be endorsed to International SOS to schedule your PEME. You will be contacted by International SOS to verify and secure the following information:
    - Full Name, Date of Birth, Contact Number, E-mail Address
    - Verbal consent
    - Your preferred clinic branch will be provided to International SOS by the Onboarding team

- International SOS will update you within 1-2 business days upon receipt of complete details. Your PEME will be booked for 3 consecutive days but we encourage you to come and complete all required tests on the first day.

2. What if my preferred clinic branch is fully-booked on my preferred schedule?

- International SOS will recommend nearby clinic branches most equipped to accommodate all the tests in your PEME package on your requested schedule.

3. If I was advised for a repeat urinalysis, can I collect the sample at home?

- To ensure accuracy of result, urine sample must be collected in the clinic.

4. What should I do if I was advised to repeat some tests?

- Repeat test/s are recommended to verify finding/s which may be crucial in the issuance of a fit-to-work medical report to your employer. These must be completed within 3 business days upon receipt of advise from International SOS, in the same clinic or in nearby branches of the same provider only; on personal payment basis.

5. What should I do if I was advised to undergo additional tests that are not part of the PEME package?

- Additional tests and Specialist clearance are also recommended to verify finding/s which may be crucial in the issuance of fit-to-work medical report to your employer. These must be completed within 5 business days upon receiving the advice, in the same clinic (if tests are available), on personal payment basis.

6. I want to do the additional tests in my chosen provider, is this allowed?

- No, if the tests are available in the clinic/provider where you had your initial PEME package done. Providers require tests to be done in their facilities to be able to easily correlate all results and issue a fit-to-work report. Please coordinate with International SOS first so we can advise you on appropriate next steps.

7. What should I do if I was advised to secure a Specialist Clearance?

- You may contact International SOS to assist you in checking if the provider has the recommended Specialist. If none, you may personally arrange and consult with a Specialist of your choice and secure a fit-to-work clearance. Clearance must be submitted to the original provider's clinic so they can finalize the medical report with official classification. This must be done within 5 business days upon receipt of advisory and will be paid at your own expense. Depending on the provider, penalty charge may apply for reclassification request due to tests not completed during allowed compliance period.

8. Do I need to pay for anything?

- Standard PEME Package including PPE charge will be paid by International SOS. Kindly contact International SOS if you're being asked by the clinic to do so.

- Repeat/additional tests, Specialist clearance recommended by the clinic physician and standard PEME tests completed beyond the allowed compliance period will be paid at your own expense. If you have an HMO, please contact your HMO provider first to verify the scope/limitations of your coverage, where and how you can secure an LOA and the process of reimbursement should you decide to personally pay.

9. If I have my menstruation, can I still have my pre-employment medical exam?

- Yes, you can still undergo a medical check-up. However, urinalysis and random drug test will have to be rescheduled to at least 3 days from the last day of your menstrual period.

10. What is CBC?

- Complete Blood Count (CBC) gives a general view of how your blood picture looks like. It may show normal or abnormal condition of the blood at the time it was taken.

11. Do I need to fast for Complete Blood Count (CBC)?

- Fasting is not required for CBC. Some blood tests that require no food and water intake for 10-12 hours preparation prior are Fasting Blood Sugar, Lipid Profile and Cholesterol Tests.

12. Will blood extraction cause bruising?

- Blood extraction does not generally cause bruising, but some individuals may have 'sensitive' blood vessels which easily ruptures upon insertion of needle or may have certain medical conditions that will cause bruising. To help prevent bruising: wear loose fitting sleeves, apply firm pressure to the site until bleeding has stopped, avoid lifting heavy objects after blood extraction. If bruising develops, you can apply ice or cold pack to the area to help ease pain or discomfort.

13. What is Chest X-Ray?

- A Chest X-Ray is a diagnostic imaging procedure that uses minimal dose of radiation to
  evaluate the general condition of your heart, lungs and chest walls.

14. Is it safe to get an X-ray if my monthly period is delayed or if I'm irregular?

- Yes, unless you're pregnant. Radiation exposure is not safe especially during first 3 months of pregnancy as it may cause health concerns or birth defects to the baby.

- If you are sexually active, it is advisable to consult with a doctor or to do a pregnancy test first if your monthly menstrual period is delayed or irregular.

15. Is it safe to get another X-ray if I had one three months ago?

- Yes, due to low dose of radiation, it is safe to have another X-Ray after 3 months.

16. For PEME completion, can I do this in another clinic branch?

- Yes, you can visit other branches to complete the PEME but under the same provider only. You will be given a confirmation of return slip which you will need to present to the other branch of choice. Kindly coordinate with International SOS Philippines regarding this.

17. When should I complete my pending tests?

- Completion of pending medical tests are accepted within 3 business days from the initial date of visit to the medical provider.

18. How can I request to reschedule my PEME?

- Please inform International SOS via phone call or email at least 1 business day before your scheduled PEME. Cut off of notification is at 1600H, a day prior to your scheduled PEME.
- Depending on the provider, penalty charges will apply should you fail to cancel prior for tests accommodated on strictly appointment basis.

19. What should I do if a procedure is not available on the day of my visit and I am unable to complete the whole PEME on the same day?

- Call International SOS immediately, while you're in the clinic. International SOS will coordinate with the clinic if there's a way to finish all the tests on the same day. However, if a procedure cannot be done on the same day due to cut-off policy or sudden operational/equipment issues, International SOS will assist to re-schedule your next clinic visit to complete your PEME.

20. How can I get my results?

- After your PEME, approach the clinic reception and obtain instructions on how you can get the results, either in hard copy format or from online portal access.

21. I am an existing JPMC employee and have been asked to undergo PEME but have not completed it during the allowed compliance period, what should I do if I plan to do them after x months?

- You may contact International SOS for guidance on how to complete your pending PEME tests. The standard compliance period of our providers to complete pending tests and clearances is 14 days from the date of your initial PEME visit. After which, a medical recommendation whether you are fit to work, not fit to work or employable but with limitations due to current condition should have been provided based on the what you have completed.
- If you've been asked to complete pending or additional tests, it means that we are re-evaluating your current health condition and ensuring that you are medically cleared to be fit to work. Should the medical provider decide to change the initial recommendation issued to your employer, a re-classification fee will apply (at your own expense).
- Re-evaluation of your current condition or medical recommendation will depend on the validity of the tests conducted, your health status and the evaluating doctor/provider. Usually, the re-classification fee ranges from PHP 100-300, depending on the medical provider.
- Provider may decide to have the whole PEME repeated if initial test results are no longer valid. This will be paid at your own expense.
